

## Steps Cross the Mountain (A)

Paired with Poster #2

By Mahi Singh Gujral

The train reaches  
The station  
You reach  
The destination  
Because you took  
The right train  
That went from station to station  
To the destination.

Steps lead  
To the goal  
Steps end  
With the goal  
The goal is  
A step at the end  
Of the steps  
Steps and goals  
Are one  
In that sense.

There are more  
Steps in life  
Than goals  
When we respect  
The steps  
We learn  
We grow  
We earn self-respect.  
We go  
Beyond each goal  
The goal  
Becomes a step.
